Energy Conservation Policies

- To create awareness about the need for conserving energy.
- To adopt necessary strategies for the conservation of energy.
- To aim at reducing the consumption of energy.
- To follow and implement safe, secure and Eco-friendly methods.
- To implement energy efficient responsible cost-effective operations on the campus.
- To contribute to environmental sustainability.
- To replace all the tube lights by led lights to ensure a considerable saving in the consumption of energy.
- To inculcate the habit of saving energy among the students and staff.
- To encourage the staff and the students to switch off fans and lights after the class hours and when there is no necessity for the consumption of power.
- To encourage the staff and the students to put forth their efforts to ensure sustainability of energy.
- To give at most priority to save energy.
- To raise awareness among the students and the staff to use such kind of energy that contributes to the protection of ozone layer.
- To ensure that the staff and the students become a part of energy renovation policy.
- To seek the support of the staff and the students to achieve energy conservation.
- To encourage the staff and the students to turn off the systems when they leave the labs.
- To switch off fans and lights in conference halls, classrooms, labs, seminar halls, and staff rooms when they are not used.

Clean and Green Policies

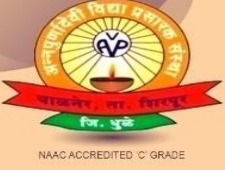

- To inculcate the habit of keeping the surrounding clean.
- To promote eco-friendly practices in the campus.
- To provide the college with an excellent opportunity to redefine the environmental culture.
- To inculcate the habit of environmental ethics among the staff and the students.
- To promote environmental consciousness among the staff and the students.
- To devise the necessary strategies to reduce the increasing levels of pollution.
- To put forth our assiduous, indefatigable, incessant and stringent efforts to conciliate the adverse effects of environmental pollution.
- To create awareness about various environmental issues.
- To create awareness about the significance of the conservation of environment.
- To raise awareness about the detrimental effects of spoiling the nature through our heedless activities.
- To remind everyone of his individual responsibility to converse the environment.
- To encourage the students and the staff to minimize the use of the products leading to environmental pollution.
- To motivate the students to adopt environmental friendly practices.
- To have a strong commitment to promote sustainable environment.
- To create consciousness about waste management to achieve the task of environmental conservation.
- To ensure that effective water management to reduce the wastage of water and to preserve most valuable water resources for future generations.
- To implement the necessary measures to reduce the use of paper by implementing paperless administration.
- To reduce the use of energy and to devise appropriate strategies for the conservation of energy.
- To follow a slogan that energy saved is energy produced.
- To reduce the noise levels in the environment to reduce health problems.
- To devise appropriate strategies to reduce air pollution to ensure the protection of ozone layer.

- To initiate the necessary measures to reduce the use of automobiles to reduce the emission of carbon monoxide leading to the protection of ozone layer and the conservation of environment.
- To impose a strict ban on use of plastic bags leading to environmental degradation and degradation of soil leading to many hazardous effects.
- To display circulars in the notice board of the college.
- To enforce the students and the staff to keep the surroundings clean.
- To impose strict punishment to those who violate the instructions of the college.
- To display several banners with the quotations related to clean and green policy.
- To handle electronic waste properly.
- To plant more number of trees and plants to ensure fresh air on the campus.
- To conduct many environmental protection activities in collaboration with the panchayat of the village of Thalner.
- To celebrate world environment day on 5th June every year.
- To encourage all NSS volunteers to take the initiative to plant more number of trees and to water them regularly to ensure fresh air.
- To incorporate all the necessary strategies which aim at developing a clean and green campus.
- To have a strong penchant to involve the students and the staff to become a part of green campus initiative.

Late Annasaheb P S Wadile Arts College, Thalner adopted & maintained the green belt in the college campus:

Late Annasaheb P S Wadile Arts College, Thalner has adopted the Green Belt and has been maintaining the same for over the years. The development of 4 thousand sq. feet. of unused land into a beautifully landscaped green belt is an impressive achievement. Over the years, plants and trees, herbs and shrubs as well as a pedestrian walk area has been maintained by the students and staff. The area is extensively used by students, staff and local residents on a regular basis. The Green Initiatives are created to identify various environmental issues and take necessary steps to achieve the goal of Environment conservation. Planting trees and gardens at the green belt institutions helped to beautify the community.

Trees and Plants of Herbs and Shrubs Green Belt:

In the institute, over the years, over 75 trees, 38 herbs and shrubs has been planted by the students, faculty and management team. The area is being maintained by the staff of the institute. The area is extensively used by students, staff and local residents on a regular basis.

In order to create awareness about details of each plant, Late Annasaheb P. S. Wadile Arts College, Thalner has undertaken a unique initiative. A plane card has been fixed on each tree, which depicts its name and other important details such as its origin, uses, life, height, and growth pattern; to create awareness among the students and society about the importance and details of each tree. Anyone can learn about the properties and importance of the plant.

Neem Tree

Azadirachta Indica, commonly known as neem margosa, nimtree or Indian Lilac, is a tree in the mahogany family Meliaceae. It is one of two species in the genus Azadirachta

Scientific Name : Azadirachta Indica
Family : Meliaceae

Marathi Name

कडुलिंबाचे झाड

Hindi Name

नीम का पेड़

Bird Nests on Trees in the Green Belt to Provide Habitat for Birds:

For providing a suitable habitat for birds the bird nests were planted on the trees in the Green Belt. The green belt has become vibrant with different species of birds.

Plantation Drive

Plantation Drive in Green Belt

Green Environment practices are promoted by the institute. This can be reflected by the lush green scenery around the campus. As Part of Environmental Promotional Activities Late Anannaasaheb P S Wadile Arts College, Thalner adopted Green Belt to develop and maintain it as the Green area. Students contribute their time and effort to rope plants in the adopted green area time to time and take care of it.

Cleanliness Drive organized as Environmental Promotional Activity

As an environmental promotional activities, Team Enactus of Late Annasaheb P S Wadile Arts College, visited many villages such as Piloda, Manjrod, Bhortek, Japora area of Shirpur (Taluka) for a cleanliness drive. This drive was organized in collaboration with Village Panchayat Members, wherein all students of the institute and volunteers along with the local people from different back- grounds and age groups gathered to contribute in the cause of cleanliness. The team of students, volunteers and local people collected over 30 sacks (big bags) of plastic waste. These plastic will be recycled to create things like benches, tables and other products. These kind of initiatives helps to take a step towards a better future. Late Annasaheb P S Wadile Arts College, is committed to its policies and regularly organizes beyond the campus environmental promotional activities through its different societies and clubs.

AVPS Society of Late Annasaheb P S Wadile Arts College started Project to tackle the menace of Plastic Pollution. As environmental promotional activity, the institute has organized several awareness programs and activities. The team AVPS identified Bhilati area, an undeveloped slum area near Japora Village in Shirpur (Taluka) and conducted a cleanliness drive as part of Swachh Bharat Abhiyan. The Team came to know the menace of plastic near the area. The team with the help of local people collected several bags of plastic for recycle purpose. The team AVPS with the help of local people, gave slogan of beti bachao beti padhao, carried out rally and build a soch khada urinal using waste water bottle of 20 liters.

Build Soch khada for Urine and toilets in Japora, Piloda, Slum Area. As their first initiative under the Project, the Team AVPS of Late Annasaheb P S Wadile Arts College build urinals in the Japora, Piloda, Manjrod, Thalner, Bhorteck, villages slum area of Shirpur taluka.

ACTION TAKEN REPORT

Green Audit, Energy Audit and Environment Audit are conducted in Late Annasaheb P S Wadile Arts College by, Thalner, Shirpur Taluka in the academic year 2022-2023.

As per the report of the auditing agency, the following actions are taken:

- Regular tree plantation drives were organized under the activity 'Paryavaran Raksha Parv', which has become an annual event of Late Annasaheb P S Wadile Arts College.
- Lush green lawns with variety of medicinal and seasonal flowers are blooming across the campus.
- The institute has already adopted the Green belt adjacent to the institution and has been maintaining the same which has become lush green area a heavenly abode for birds and a close to nature experience for surrounding community.
- The institute has adopted a strict policy for restricted entry of vehicles; wherein only vehicles with authorized entry pass are allowed inside the campus.
- Colour coded dustbins are kept in the entire campus for disposal of biodegradable and non-biodegradable waste. Have hired an agency for the proper disposal and management of non-biodegradable wastes.
- Various environment awareness campaigns in and beyond the campus have been organized regularly for students, faculty, staff and community.
- CFLs are replaced by LED bulbs and lights energy conservation.
- Strict instructions are given to faculty, staff and students to unplug and turn off electrical appliances when not in use or after use.
- Regular check-up on the electronic items are done to improve their efficiency.
- Periodic water quality assessment is done regularly.
- Measures are taken to clean and sanitize water coolers and purifiers.
- Measures are taken to effectively implement green policy in the campus.

Major Practices based on Environment Audit, Energy Audit and Green Audit:

Energy Conservation:

- Energy Conservation Purchased energy-saving appliances.
- Regular check-up on the electronic items are done to improve their efficiency.
- CFLs lights are replaced with LED bulbs and lights in the entire campus for energy saving.
- Awareness is given to staff and students to unplug and turn off electrical appliances when not in use or after use.

Water Management:

- Water coolers installed in all departments.
- Periodic water quality assessment is done, water tanks, coolers and purifiers are cleaned and sanitized regularly.
- For re-strengthening the existing water management practices, awareness programmes are given periodically and also posters displayed for the same in the campus.

Green Audit:

- Regular tree plantation drives were organized under the activity 'Paryavaran Raksha Parv', which has become an annual event of Late Annasaheb P S Wadile Arts College.
- Lush green lawns with variety of medicinal and seasonal flowers are blooming across the campus.
- The institute has adopted the Green belt and has been maintaining the same which has become lush green area a heavenly abode for birds and a close to nature experience for surrounding community.
- The institute has adopted a strict policy for restricted entry of vehicles; wherein only vehicles with authorized entry pass are allowed inside the campus.

Constitution of a campus Green Policy:

- The green policy is implemented and followed and the adoption of green initiatives.
